

Double Elimination Bracket Maps

Playoff fields for 6–50 teams

- Padding: each team count pads to the next power of 2 with BYEs (Tournament Hub rule).
- Seeding: classic single-elim positions (S1 meets lowest seed late); top seeds get BYEs first.
- Structure: Winners bracket !' Losers bracket !' one Grand Final (no IF necessary rematch series).
- Orange boxes = first-round games involving a BYE (auto-advance).
- Contested-game estimate uses the classic identity "H 2N " 2 for N real teams.
- Losers round sizes follow a canonical feed-in pattern for review (may differ slightly from app v1 slot counts).
